

## **New WBSC and USA Softball Bat Certification Stamps**

As part of organisational initiatives, both the WBSC and USA Softball have developed updated bat certification stamps to replace their former ISF and ASA stamps. Both the new and the former WBSC and USA Softball certification stamps will continue to be accepted as detailed below.

### **World Baseball Softball Confederation**

With the transition from the ISF to the WBSC, new bat certification stamps have been developed for international play. The new logo will begin to appear on newly manufactured bats this year. Bats with the older 2005 stamp **will** continue to be accepted for competition. Bats must also be on the WBSC certified bat list.

**ISF 2005**

**WBSC New**

Certified for use in ALL Levels of Fast  
Pitch and Slo-Pitch competition.

### **USA Softball**

USA Softball has developed new stamps to transition from their ASA 2004 and ASA 2013 stamps. These stamps are equivalent to the former stamps as shown below and will begin to appear on newly manufactured bats beginning this season. Bats with the older 2000, 2004 and 2013 stamps will continue to be accepted as previously. All bats must continue to remain on the approved bat list to be certified for use.

**ASA 2000**

**ASA 2004**

**USA Softball New**

Certified for use in ALL Levels of Fast Pitch and Slo-Pitch competition.

**ASA 2013**

**USA Softball New**

Certified for use in Adult Men's (U23 and Above) Fast Pitch competition ONLY.
